

CorrFocus

In 2022, *Paper360°* added its newest "pillar" section: **CorrFocus**, an every-issue compendium of corrugated-related content. Designed to be easy to find, easy to read (*Paper360°* is offered in print and in a downloadable, device-friendly digital format), and easy to pass along to colleagues and peers.

As a TAPPI publication, *Paper360°* is in a unique position to leverage close access to TAPPI's Corrugated Division, made up of hundreds of technical professionals who manufacture corrugated containers and other packaging materials and products; and the Corrugated Packaging Council, whose members support TAPPI's efforts to serve the corrugated industry. TAPPI (in conjunction with AICC), can also provide advance editorial access to two premier events for the corrugated industry: Corrugated Week and SuperCorrExpo.

Check out the corrugated industry content you may have missed in *Paper360°* since announcing the launch of **CorrFocus** in 2022:

May/June 2022:

- "Agility for Turbulent Times in Corrugated Packaging", pg. 12.
- "Transparency Enables Flexibility and Resiliency (for Corr. Sector)", B. Robb, pg. 18.
- "What's Going to Happen When All This Announced Containerboard Capacity Hits the Market?", L. Beacham, pg. 46.

July/August 2022:

- "New Standards in Paper Production Water Use (at Green Bay Packaging)", J. Neun, pg. 16.
- "(Corrugated Paper) Case Study: Micro-filters Boost Efficiency, Reliability", pg. 20.
- "The Thought Behind Managing Caliper," D. Target, pg. 32.
- "Progroup's Unique Business Model," pg. 34.

September/October 2022:

- "A Closer Look at Tooling", D. Target, pg. 30.
- "AF&PA Reports Point to Growth in Both Containerboard and Boxboard," pg. 32.
- "Live from CorrWeek" -- Two podcast episodes featuring interviews with corrugated makers/suppliers.

November/December 2022:

- "CorrWeek Checks All the Boxes", J. Bottiglieri, pg. 30.
- "Tech Talks Showcase Best of What's New (for Corr Producers)", pg. 32.
- "The Importance of Sustainable, Working Forests for Paper and Packaging," P. Stewart, pg. 44.

January/February 2023:

- "New Tech Pays Dividends for Metsä Board Husum", pg. 13
- "The Conversion of Corra Gator-Boardy," six-part CorrFocus series, J. Brown, pg. 16.
- "Chicago TAPPI is All About Corrugated," pg. 18.
- "(Containerboard) PM Upgrade Requires a Comprehensive Condition Monitoring Solution", M. Hastings, pg. 21.

March/April 2023:

- "How Smart Manufacturing Can Transform Our Industry," J. Bottiglieri, pg. 13.
- "The Next Generation: The Rise and Rise of Progroup in Europe", M. Rushton, pg. 21.
- "Digital Printing Helps Boxmakers Embrace the Future", J. Bottiglieri, pg. 32.
- "FBB vs SBS: What Will Demand Look Like in the Next 5 Years?", P. Huotari, pg. 44.

May/June 2023:

- "Communication is Key to Safety in Massive (Corrugated) Conversion Project", pg. 8.
- "Saica (Corrugated) in Spain: A Walk Into the Future of Mill Logistics", M. Rushton, pg. 9.
- "Managing a Successful Rotary Die Cut Operation", D. Target, pg 24.
- "How Can Digitalization Help Corrugated Producers?", M. Baumgartner, pg. 27.
- "(Corrugated) Mill Saves 30 Percent on Maintenance with LTSA", F. Prego, pg. 30.
- "North American/European Containerboard Capacity Declines," Fisher Int'l, pg 38.

It's easy to stay in the loop for this vital corrugated content! Subscribe to *Paper360*° at paper360.tappi.org; access the *Better Together* podcast at paper360bettertogetherpodcast.buzzsprout.com; and bookmark TAPPI's home page at tappi.org. This list only represents a *fraction* of what is available to corrugated professionals through TAPPI's weekly newsletters, conference proceedings, TAPPI Press publications, and more.
